dossyaay

Two offices, one shared smile.

Every accounting document in one place – for the business and the accountant. In short: what Dossyaay solves, and why every month gets easier.

The whole picture

THE PROBLEM

Sound familiar?

Three inboxes, a USB stick, a shoebox

Papers are everywhere – except where they're needed.

“Did you get it?” “Did you send it?”

Nobody knows for sure what went through. Every single month.

The rush before the deadline

Missing pages, blurry photos, more questions – and the return is waiting.

Hours that don't go on accounting

Asking, reminding, searching, renaming, filing.

The Dossyaay promise

One place

Every document sorted by month and section – for the business and the accountant.

One exact list

Both sides see what arrived, what's missing, what was opened and when.

A nudge only when needed

Reminders 7, 3, 1 days before and on the day – only to those missing something.

HOW IT WORKS

A month in four steps

1

The list

The accountant sets once what they need. It opens again every month by itself.

2

Scan and upload

The business scans with a phone – Dossyaay crops the edges, sharpens it, makes a PDF. No scanner needed.

3

Review

The accountant opens it, accepts it, or asks for a fix with a short note. The business gets an email.

4

Done. Yaay.

Everything green, the month is closed – download it all, by section or file by file. An 8-year archive.

📷 Your phone is the scanner

Like your phone's document reader: it finds the paper's edges, straightens it, takes the shadows out and makes the text crisp. Check, accept or retake – several pages in one PDF.

A photo on the table

A ready PDF for your accountant

FOR BUSINESSES

Your documents – in your hands

📷

Scan with your phone

No scanner, no app: it works right in the browser.

📁

Your own sections

Purchase, sales, bank, payroll – or whatever you like. Drop it on, done.

📝

A note on every document

“Private cost”, “advance” – one question fewer.

✅

Hand over in one click

You decide what goes through. See what your accountant opened and when.

🔔

Deadline alert

Louder day by day – and only when something is missing.

🧾

Timestamped record

What you handed over and when – your proof if there's ever a dispute.

🙋

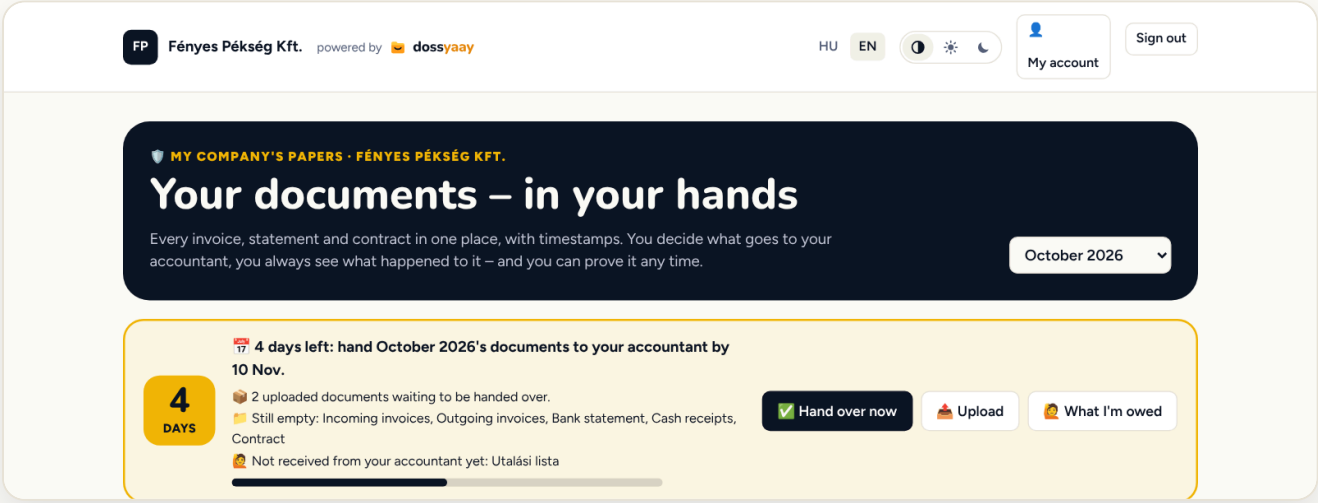

What you're owed

Ask your accountant for payslips or the transfer list – in one email.

🗄️

An 8-year archive

It stays yours, even if you change accountants.

The business dashboard: deadline alert, hand-over, record.

FOR ACCOUNTING FIRMS

Every client in one workspace

The Clients workspace

Urgent first: fixes, reviews, new messages. Card or list view for big portfolios.

Automatic reminders

7, 3, 1 days before and on the day – only to those missing something. You get a summary.

Accept or ask for a fix

Preview without downloading, one click. The client gets an email at once.

A no-sign-in client link

Clients need no password: every email has their own link for the month.

Send to your clients

Payslips, tax notices by section – see when they were opened.

Email your clients

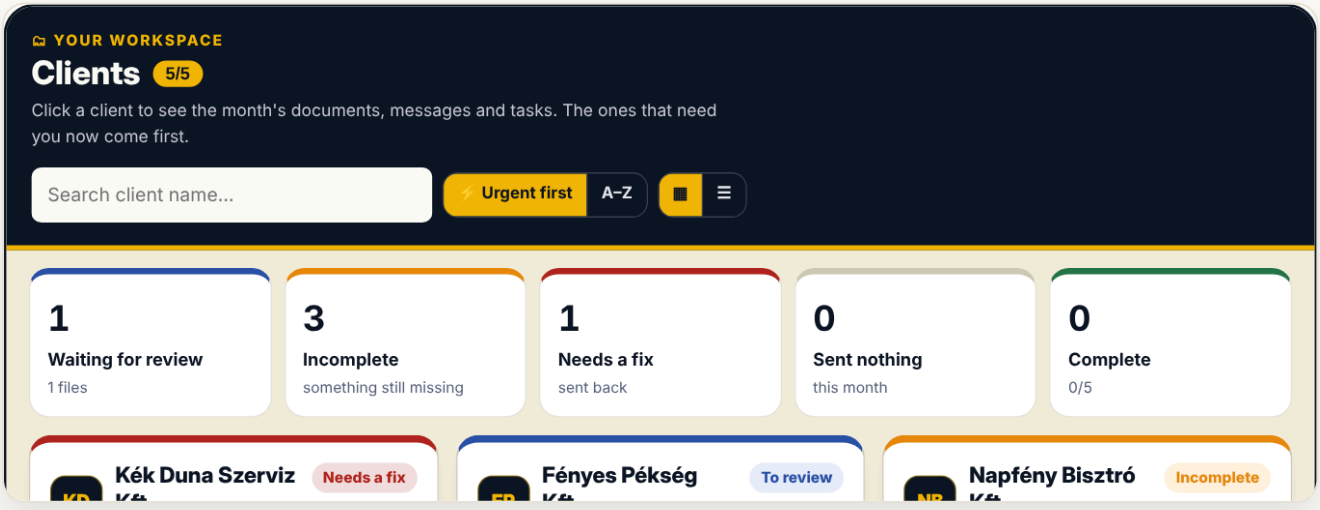

With your logo, in the Dossyaay design. Ready-made starters.

Honest closing

If it came another way: “Everything is done” – and that month is free.

Tips to work faster

From your own data: who to send the link to, what to set up.

The Clients workspace: urgent first, four numbers per client.

IN NUMBERS

What is it worth?

For businesses

Example: a business spends 90 minutes a month searching, scanning, sending and checking. Dossyaay takes roughly 60% of that off your plate.

≈ 54 min
saved every month

1
place for every paper

8 years
timestamped archive

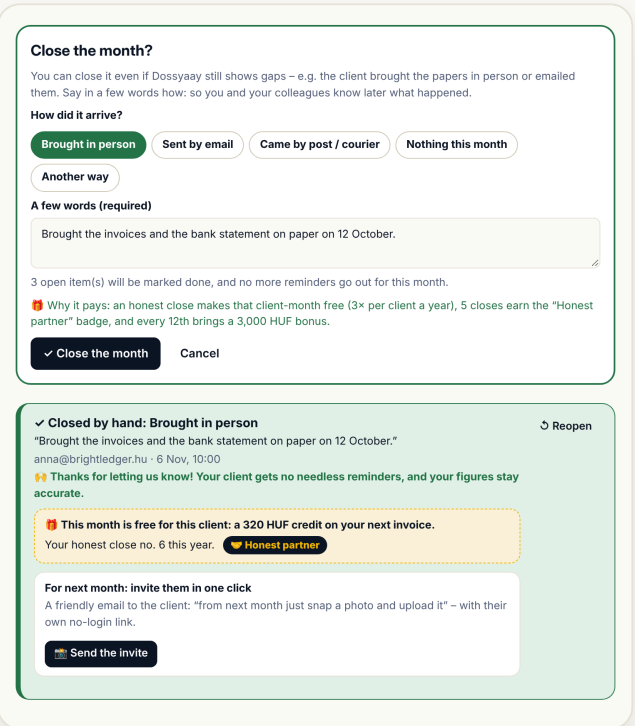

For accounting firms

Example: a 30-client firm. Assumptions: 40% of clients are late, a late client needs asking three times, writing and checking one reminder takes 6 minutes.

36
reminder emails a month, by hand

≈ 3.6 h
on reminding alone

0
that you write with Dossyaay

🤝 Honest closing

If it came another way: "Everything is done" – and that month is free.

Honest closing: a few words, and no more reminders.

PRICING

Simple price, no hidden costs

PLAN	CLIENTS	USERS	PER MONTH
Business	1 business	1 (+€3/person)	€12.99
